High Street West, Sunderland, SR1 1TX

About The Voice Centre

The Voice Centre was Founded by Giorgia Mel, BA, VMTC, VHFA in August 2022. The Centre is based in Sunderland where Giorgia runs clinics to support all those struggling with their voice, wether you have a diagnosis of a voice disorder or another condition affecting your ability to perform at your fullest. Giorgia has spent the past 7 years researching Ehlers Danlos Syndrome in hopes she can bring comfort and relief for those suffering who have nowhere to turn for support. Especially singers and performers who rely heavily on their voices working at full capacity. The centre is open to anyone with a voice, not just those with EDS.

How can I help you?

Whether you are a fellow zebra, or just someone who feels disconnected from your voice. You are now in safe hands, I have got you and we can get through this, together. No one should go through the journey of voice loss alone, no one should feel like their voice isn't working.

You can book [A FREE CONSULT CALL](#) to chat more with me about how we can work together and we can discuss options such as vocal massage, or EDS Wellness coaching.

Please note the centre is unable to offer medical advice and you should speak to a specialist doctor with any concerns
